

Engr. Senator ® Rukhsana Zuberi and Chairman Pakistan Engineering council

Engr. Senator (R) Rukhsana Zuberi is the 1st Lady Engineer of Pakistan, as a Mechanical Graduate from NED Karachi. She is Chairperson, Pakistan Engineering Council, Women In Energy and South Asia Women in Energy (SAWIE). Engr. Senator Rukhsana Zuberi is the first Lady to become Chairperson Pakistan Engineering Council she is a role model and achiever for all professionals.

As Chairperson PEC she has taken several initiatives to make PEC a vibrant dynamic organization by employees focused policies. Chairperson Women in Energy Pakistan converting PEC offices into energy efficient buildings and head office will be connected on grid with solar panels.

Mrs. Zuberi served the country and profession as Senator, Member Provincial Assembly Sindh, Member Governing Body PEC, Member Executive of IEP and worked in Pakistan's renowned public & private sector organizations.

Senator Zuberi is also Chairperson South Asia Women in Energy capacity building and best practices.

As Senator she probed oil pricing mechanism and challenged it in Supreme Court of Pakistan. Though the case is already pending but the relief to the Public has been to the tune of 120 billion rupees every year or equivalent to Kerry Lugar Bill value.

Mrs. Zuberi is a role model for engineering professionals. Her major achievements include Initiative for inclusion of solar energy development as part of Parliamentarian's Development Program (PDP), bringing online testing and certification programs for the first time in Pakistan. She also proposed for vocational training of women which led to the establishment of five women polytechnic Institutes.

Mrs. Zuberi served the country and profession as Senator, Member Provincial Assembly Sindh, Member Governing Body PEC, Member Executive of IEP and worked in Pakistan's renowned public & private sector organizations.
